

Gloucester Canoe Club (GCC)

Photographs and Videos

All members including Parents or guardians of junior members of GCC are asked to consent or opt-out of photographs or videos being taken of themselves or their child.

GCC take photos of members at club events, including social events, training sessions and races to celebrate successes, achievements and to promote the GCC as a sports club open to all.

Club photographs and videos are used to share events and successes with members via:

- 'Gloucester Canoe Club' Facebook page, this is an invite only group,
- on the Club Website and Instagram Page and
- in various What's Apps groups run by the club for the club members only.

Typically, photos and videos taken by the club are group photos, members kayaking and informal photos at social events.

Consent can be withdrawn at any time upon notification, preferably by email, to the Club Secretary or Chairman and the Treasurer.

The club does not have an official photographer or videographer, instead it relies on members to share photos they have taken in a personal capacity. Ownership of any media captured by members remains the property of the person who captured the photo or video. However, it is the responsibility of the club's committee members to remove any photos from these channels where consent has not been granted, or has been withdrawn, from the channels they are responsible for, as listed above.

Photos taken by members, or friends and family of club members, at club activities that they choose to share, for example on their own personal Facebook page, are not the responsibility of the club.

Please provide or opt-out of consent, by ticking the relevant box below on the electronic application form via MemberMojo
